

Follow these steps to submit prior authorization requests when prescribing drugs covered under the medical benefit for Blue Cross Blue Shield of Michigan and Blue Care Network commercial members.

## Michigan prescribers

To submit prior authorization requests electronically, first register for Availity® Essentials, our provider portal; refer to the [Register for web tools](#) page at bcbsm.com for details. Then:

1. Log in to [availity.com](#)\*.
2. Click *Payer Spaces* on the menu bar and click the BCBSM and BCN logo.
3. On the Applications tab, click the tile for the appropriate NovoLogix web tool.
4. Within NovoLogix, click the *Authorizations* menu and select *Create Authorization*.
5. Enter the member's details and select the correct member on the contract.
6. Complete the required fields. This includes selecting the correct drug in the "Authorization Lines" section.
7. Click *Submit*, complete the protocol questions and click *Done*.

If you're registered for Availity but are not able to access it, submit your prior authorization request using the *Medication Authorization Request Form*, or MARF, that's on the next page.

## Non-Michigan prescribers

When submitting a prior authorization request for the first time, prescribers located outside of Michigan should complete and submit:

- The *Medication Authorization Request Form*, or MARF, that's on the next page
- The [Application for access to NovoLogix for non-Michigan prescribers](#)

Submit these documents to the fax number or address that's on the MARF. Once we approve the request for access, we'll provide information about how to access the NovoLogix tool so that you can submit subsequent prior authorization requests electronically.

Note: Access to NovoLogix is available only to registered users. You must include a valid Type 1 (individual) NPI on the application for access to NovoLogix.

## Information about NovoLogix

For more information about the NovoLogix web tool, look under the Training Resources heading on these webpages:
